

HQ Ruler Base Installation Instructions

1. Starting with the left side, place the Ruler Base at an angle so that the left holes on the base fit onto the notches on the machine. **(Figures 1 & 2)**

2. Lightly bend the right side of the Ruler Base so that it falls into place. **(Figure 3)**

3. When taking the Ruler Base off, start by lightly lifting the right side off of the notches on the machine first, then remove the left side. **(Figure 4)**
